Description:

Sophisticated minimalism Use the sofa alone or combine sofa and chaise longue for a large, beautiful corner sofa. It's one sofa with three functions. The adjustable backrest makes LOUNGE extremely comfortable, and the sofa and chaise longue feels great to sit on – and is a dream for sleeping. The LOUNGE series also consists of a pouf that can be transformed into a bed by flipping the seating surface. The comfort is superb, and it's easy to handle.

Year of design: 2005

Function:

Sleeping function:

Both the sofa and the chaise long are easily converted into a comfortable bed for one or two persons. With a corner group of both the sofa and the chaise long, you can change this to 4 beds.

Arm rest left or right:

The armrest of the sofa and chaise long can be fixed to either side making it possible to choose a left or a right handed version or you can mount arm rests on both sides.
Two chaise longs can be put together for one large lounge / relax sofa.

Back rest:

The back cushions can be placed to make either a short seat and a low back rest or a deep seat and a higher back rest. Depending on how you want to sit or relax.

Sales Arguments:

Sofa:

ADVANCED MINIMALISM. A three-purpose sofa that is great to sit on, fantastic to relax on, and your sleep will be a dream. The superb seating comfort is primarily down to the backrest that can be individually positioned (short seat/low backrest or deep seat/higher backrest) and to the Nozag seat springs. Lounge is attractive to look at from all angles and is an elegant centrepiece for any room. It converts easily to a single bed (80 x 198 cm) or double bed.

Chaise long:

ADDED VALUE. One chaise long, three functions: comfortable to sit on, fantastic for relaxing on, and your sleep will be a dream. The superb sitting comfort is due in part to the backrest, which can be set to one of the two positions with a choice of a high or low back rest. It is also due to the Nozag springs in the seat surface as well as the high-density polyurethane foam. LOUNGE has an attractive look from every angle and makes an elegant centrepiece in any room. LOUNGE's first creation was a sofa bed; its innovative and minimalistic design made it very popular. The new LOUNGE chaise long is a natural development from this and can be used either as a stand-alone piece of furniture or teamed with the sofa to make a sofa group/corner sofa. Like the sofa, the chaise long can also easily be converted into a single or double bed.
