Cairn Pouf

BY NICK ROSS

The Cairn Pouf joins MENU's collection of elegant interior accessories this season. Created by Nick Ross to complement the Tearoom and Eave sofa collections, the versatile design is functional, flexible and fine-looking, effortlessly fitting any interior setting. Lending itself to use as a footrest, side table or extra seat, its gently tapered form creates an elegant silhouette. Offered in two forms, oval and round, and a range of upholstery options from MENU's wide range of textiles and leathers, it can be customised to match every style and space.

About The Designers

Nick Ross is a Scottish-Swedish, Stockholm-based designer studied industrial design at Gray's School of Art in Aberdeen. Ross is a designer with a penchant for scarce spaces that focus on the use of materials and light in a given expanse. His research centres on the complex repertoire of history, with a particular focus on ancient history, where he finds the factors with which to interpret the relationship between the user and contemporary design. Using storytelling as a pretext and applying a confidently critical approach, Nick is interested in investigating facts and happenings that have determined specific cultural balances. Every project comes from the desire to create ideal or real bridges between the present to that of the past.

A Sense of Community

MENU has always been fascinated by the way in which individuals and spaces can be united through great design. In our pursuit to craft furniture, lighting and interior accessories shaped by purposeful details, high-quality materials and human needs, we create strong and lasting relations between designers, manufacturers and customers. The sense of community that results from this union of like-minded individuals fosters a deeper sense of belonging – and products that stand the test of time, inviting human connection, inspiration and experimentation to push the boundaries of modern design. We truly believe that when we work collectively, we achieve more than we do individually: the sum of our work and of our connections is always greater than its parts, and our softly minimal designs and collaborative spirit help to join the dots between the home, the workplace and the service industry, redefining how we use space and, ultimately, how we connect to those around us.

MENU at The Audo

MENU's showroom is located at The Audo, a unique concept that masterfully unites co-working and event facilities, a café, restaurant and retail area, as well as an exclusive residence in a single, community-building universe. The Audo features an inspiring mix of original features and thoughtful new accompaniments from an eclectic mix of premium brands – not least MENU's comprehensive range of furniture, lighting and accessories which are put to their truest test together with a curated selection of products from global brands. Abbreviated from the Latin *Ab Uno Disce Omnes*, meaning *from one, learn all*, The Audo reflects MENU's founding philosophy of collaborative spirit. Redefining how we use design, space and, ultimately, how we connect to one another, this creative destination is a hub for powerful ideas, beautiful design and inspiration.
