HIGHLIGHTS

- Multi-functional family of tables and benches in different shapes, sizes, materials and colours
- Variability of nanolaminate colours and frame finishes
- Suitable for a wide variety of private and public environments
- Qualified for contract use

CPH DEUX 215 BENCH DESIGN BY RONAN & ERWAN BOUROULLEC

Part of the Copenhagen range designed by Ronan and Erwan Bouroullec, the CPH Deux 215 Bench shares the same uncluttered profile and strong identity that are consistent with the rest of the collection. Ideal for using as an extra seat or low table in an office context or an entrance hall in a private setting. It is available in several sizes with a solid beech or oak frame in various finishes, and the plywood tabletop has different Nanolaminate colour options. All benches in the series are EU-ecolabelled and made from FSC-certified wood with a water-based lacquer.

Ronan & Erwan Bouroullec the Paris-based design brothers from Brittany have been working together since 1998. Ronan is a graduate of the École Supérieure des Arts Décoratifs in Paris and Erwan attended the École Nationale Supérieure des Arts in Cergy before starting their own studio. They have transformed the design industry and offered new perspectives of materiality and purpose. For HAY, they have designed the Palissade Collection, Copenhagen Collection, Can Sofa, Élémentaire Chair, Passerelle Table and Pier System.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
