

# PEDRERA ARMCHAIR

By Eugeni Quitllet

The PEDRERA chair was inspired in the curvy and sensual shapes of "La Pedrera\*". It wants to play with the waves and become part of an ongoing movement... that of an undulating to infinity which imitates the movement of the sea. A chair which has a stackable shape and design for the purpose of reducing space. It is light and comfortable.

\*Pedrera, a unique building built in the city of Barcelona between 1906 and 1912 by the architect Antoni Gaudí.
