

by Maija Puoskari

The Mater Liuku Base Pendant is designed by Finnish designer Maija Puoskari. It is crafted in solid wood and stripped of excessive decoration, leaving focus on the simple design. The LED light source is hidden in the drop - or ball-shaped - design. The two shapes constitute the base of the Mater Liuku Pendant, with an additional glass shade. The minimalistic design means the Liuku Base is ideal as a single pendant, aligned or in decorative clusters for both residential and commercial decor.

The choice of LED light source honours the UN Sustainable Development Goals of “Affordable and Clean Energy” (SDGs 7). Further the choice of certified wood from well-managed forests, honours the UN Sustainable Development Goals of protecting “Life on Land” (SDGs 15), “Responsible Consumption and Production” (SDGs 12) and “Partnership for the Goals” (SDGs 17).
