

Table lamp full moon

300-450-076

The Full Moon Table Lamp is simplistic, modest and soft in its form. We wanted to create an object that expressed mellow moods and relaxed vibes. Made up of only three components, the lamp has a heavy black marble base with a brushed brass stem and a frosted glass bulb. The singular bulb design is as bold as it is refined. Pulling inspiration from the moon, the lamp possesses a soothing sensibility when on or off. The power of the lunar light elevates the ambience within your space.
