

Maui

Vico Magistretti

The Maui table has been designed to stand alone or with its companions. It is available in five versions (round, square, oval and in two rectangular dimensions) to meet the most diverse functions required by communal areas (tables for bars and restaurants) and the demands of daily life. The four colours of the wooden-edged table top make the Maui table an ideal complement even for the home, the dining room, the kitchen, the home office or the study.
