FIBER LOUNGE CHAIR

"One of the most difficult and noble disciplines of design is to create simple, well-functioning and almost ordinary objects that nevertheless have a strong identity. We designed the Fiber Lounge Chair to do just that through a clear and sculptural language that refuses to compromise on comfort, embracing the body of its user. With a light and almost hovering appearance, the design joins soft, friendly curves with an innovative wood fiber composite, giving the Fiber Lounge Chair a unique expression and inviting seat." — Iskos-Berlin

MATERIALS

Up to 25% wood fibers, 70% PP (polypropylene) and 5% colored PP (polypropylene). Upholstered with textile or leather. Wood base is made from solid PU lacquered, oak wood. Steel tube base is CNC-bent and powder coated.

THE LATEST MEMBER OF THE FIBER CHAIR FAMILY:

THE FIBER LOUNGE CHAIR

Adding a new chapter to the iconic Fiber Chair family is the Fiber Lounge Chair—a design with a lightly hovering appearance and extensive comfort that invites the user in for a relaxed and embracing seat.

The design has a low center of gravity that lends it a refined and elegant appearance, combined with its form that has been ergonomically fitted to embrace the body of the user. The Fiber Lounge Chair is the ideal addition to any living room area as well as hallways, corners and open-plan spaces, infusing the setting with sentiments of comfort and modern Scandinavian design while taking up only little space in the room.

With its open and soft curves, the Fiber Lounge Chair works well in spaces that serve the purpose of socializing, whether it be private homes, workspaces, lobbies or co-working areas.

The design comes with various in-stock upholsteries, complemented by the vast selection of made-to-order options that allow for customization to any home or professional project.

ISKOS-BERLIN ON THE DESIGN

"One of the most difficult and noble disciplines of design is to create simple, well-functioning and almost ordinary objects that nevertheless have a strong identity. We designed the Fiber Lounge Chair to do just that through a clear and sculptural language that refuses to compromise on comfort, embracing the body of its user. With a light and almost hovering appearance, the design joins soft, friendly curves with an innovative wood fiber composite, giving the Fiber Lounge Chair a unique expression and inviting seat."

ABOUT ISKOS-BERLIN

Iskos-Berlin is a Copenhagen-based design duo that has made waves within furniture, industrial and graphic design. The studio, formerly known as Komplot Design, has collaborated with some of the world's most prestigious manufacturers and their furniture, lighting, and other design products, are exhibited at numerous design museums around the world, including MoMA and the Danish Design Museum.

ABOUT MUUTO

Muuto is rooted in the Scandinavian design tradition characterized by enduring aesthetics, functionality, craftsmanship and an honest expression. By expanding this heritage with forward-looking materials, techniques and bold creative thinking, our ambition is to deliver new perspectives on Scandinavian design.
