## Juliette Bench

A design process at Marie Michielssen almost always starts with the question whether the furniture and objects we surround ourselves with every day can be made better. It is never her only goal to create purely decorative objects; aesthetics and functionality always go hand in hand. That is no different for the bench and stool Juliette. This archetypal furniture is given the perfect proportions in Marie's design language, according to the Bauhaus principle. Minimal lines, nothing more, nothing less, expertly executed in sturdy MDF. The soft gloss lacquer in the basic colors white and beige, complemented by her favorite deep green, lend a sophisticated touch to Juliette. With Juliette you get a versatile piece of furniture. Seating element around the table or freely in the room, bench in the entrance hall or bedroom to put things on/display, Juliette adapts to everything. touch to Juliette. ## DIMENSIONS

Small Juliette Bench  
L65 x W33 H45 cm  
L25 5/8 x W13 H17 3/4 inch

## WEIGHT

9.5 kg

## MATERIALS

The Juliette Bench is made of sturdy MDF. The soft gloss lacquer in the basic colours white and beige, complemented by Marie's favorite deep green, lend a sophisticated touch to Juliette.

## OPERATIONAL USAGE

Indoor use

## SPECIAL CARE INSTRUCTIONS

Handle your Juliette bench with care to keep the manually coated surface in a good condition. Lacquered shiny surfaces are less protective to external influences. Therefore, the following care instructions should be taken into account. For care and stain removal use only microfibre cloths. It is recommended to immediately wipe off stains and dirt with a dry or damp cloth. If a damp cloth is not sufficient for the stain removal, a mild soap sud can be useful. In no case, aggressive detergents or scouring agents should be used, as they destroy the lacquered surface.
