GENERAL NOTES

Today, technologically advanced plastics make it possible to combine aesthetic quality with durability and longevity. OUT uses 100% recycled polypropylene of the highest quality for the X-CHAIR.

CARE & CLEANING

We recommend that you avoid places with strong direct sunlight and the proximity of heat sources as a place for furniture. Clean with a soft, dry cloth. If dirty, use a clean, wrung out cloth. In addition, a cleaning agent or detergent diluted in lukewarm water can be used. Then wipe the surface with a cloth rinsed in clear water and then wrung out and dry with a clean, dry cloth.
